

## Clay Cross Countryside Centre

### Wolfie Pond

Offenders have dug a new pond at one of the Countryside Centre's sites on behalf of the Countryside Ranger team.

The Rangers were unable to do the work themselves and could not afford the hire of a mini digger either. Community Payback was able to step up and provide the labour. Without this help the project may well have never been undertaken.

### Five Pits Trail

Offenders undertake litter picks and clearance of fly tipping along the trail, which is a big boon to the Rangers.

The Rangers commented,

“Because of the numbers in the (offender) team, they can clear up a lot of litter and fly tip which really makes a difference to visitors' experiences.”
